

## **Harbour Island Yacht Club (HIYC) – [www.harbourislandyachtclub.org](http://www.harbourislandyachtclub.org)**

On behalf of the 2022 HIYC Bridge, you are cordially invited to join or renew your membership at our yacht club. HIYC is a well-established yacht club in the Channel Islands Harbor with a history dating back to 1994. In a world of virtual interaction, our yacht club is not centered around a clubhouse. It is built on life-long friendships who share the nautical spirit of yachting as defined by the Southern California Yachting Association. Our HIYC headquarters is the Waterside Restaurant, located in the Channel Islands Harbor. With our reasonable annual membership dues, our club is rapidly growing with a fun-loving, diversified group of enthusiasts who enjoy the water. Our events are a-la-carte, members pay and attend the events of your choice which helps you navigate your own busy schedules. We host gatherings at our headquarters, and we enjoy the beauty of all the Channel Islands Harbor in other surrounding areas. With the HIYC membership, you become a member of the Southern California Yachting Association, which allows you to cruise the summer around the globe. The history and fond memories of Harbour Island Yacht Club has been greatly enriched. We extend a warm welcome to join us!
